May- News and Bargains

Did you know that you can now order Armstrong Glass on the web? That's right. You can now find every glass that Armstrong makes on our website at www.armstrongglass.com. This includes our entire line of fusing glass called Float Fire 82.

But wait! That's not all. We also carry a selection of Wissmach and Spectrum Glass and the selection is growing every month. We will soon be adding Kokomo Glass so be sure to let us know your favorite colors.

Need stained glass supplies? We are adding supplies on a weekly basis. If we don't have what you want, just send us an e-mail or call us at (800) 241-5013 and we'll get it for you. Better yet, once we add a new item, in most cases it becomes a stock item so you will be able to find it the next time you need it.

Remember to visit our Outlet store in Kennesaw, Georgia if you are anywhere near the Atlanta area.

[No Days Mosaic Mesh](#)

The new No Days Mosaic Mesh is an easy way to mosaic vertical surfaces. The mesh has the adhesive built right in. There is no need for the messy glue or wasted time watching glue dry. With No Days Mosaic Mesh you can cut the glass, place it, heat it and mount the finished project all in the same day. Give it a try today!

[Now offering Wissmach Glass](#)

We have recently added 27 colors from Wissmach Glass to our already large glass selection. Some of these colors include a brilliant multicolored granite, amber English Muffle, and a red and yellow Victorian Mottled. Click on the picture to see the entire selection.

Newly added Spectrum Glass

We have just added 5 colors to our offering of Spectrum Glass. Some of the new selections include an olive green rough rolled (great for leaves and stems), steel and sky blue Waterglass, and amber Vechio. Click on the picture to see the complete selection.

Ask The Pro

Ask the Pro

Don't forget that this Friday, May 8, is ask the pro day at Armstrong Glass. This is the perfect time to stop in to ask any and all questions that you have about stained glass. Marylee is here to help you with anything from getting started to the finishing touches. Come in with questions and leave with the answers!

Many new items can be found on our website. Please be sure to check back with us often and see whats new at www.armstrongglass.com
